

Beginning January 1, 2021 we will offer auto-renewals for most of our physical collections. Renewals will take place three days before the due date. You will receive email alerting you that your materials are about to be due, the auto-renewed date (if applicable), and the due dates for all the items.

Be sure we have your valid email address on file; email is the only way you'll receive auto-renewal notifications.

It is important to read your receipt for initial due date, monitor your email as the due date approaches for the auto-renewal dates and note those that are not eligible for auto-renewal, and return all items on or before the due date.

Items and renewals:
